Monday

Crafternoon— Mrs. Obuchowski & Mrs. Granite **Grades K-5**

This class has a \$20 materials fee

While the weather outside is frightful, crafternoons are so delightful! So if you want to bead and create, join us before it's too late! We will be painting, creating mosaics, making our own jewelry and even creating fun crafts out of duct tape!

Sports Spectacular—Mr. Cahill **Grades 2-3**

In this class, we will play a variety of indoor and outdoor sports including many playground classics. We'll play Capture the Flag, Kickball, Mush-ball, Snowballs, Four Square and more. If you can play it in the backyard, we will play it here! This is a high-energy class that brings your favorite games together and introduces you to new games that will involve both competition **and** cooperation.

Cooking—Ms. Maureen **Grades 2-4**

This class has a \$20 materials fee

In this class, students will explore the Culinary Arts! Using lots of different ingredients, techniques and recipes, our budding chefs will incorporate literacy and math to figure out what really goes into the delicious goodies they make. Cookies, breads and other exciting treats will be the focus of this semester. There will also be chances to be kitchen scientists and make up your own recipes!

Tuesday

Sports Spectacular—Mr. Tsagas **Grade K**

In this class, we will play a variety of indoor and outdoor sports including many playground classics. We'll play Capture the Flag, Kickball, Mush-ball, Snowballs, Four Square and more. If you can play it in the backyard, we will play it here! This is a high-energy class that brings your favorite games together and introduces you to new games that will involve both competition **and** cooperation!

Coloring Creations—Ms. Spedaliere **Grade 1-2**

This class has a \$20 materials fee

This after school class gives an opportunity to allow students to relax and decompress while coloring and catching up with friends. Students will explore their creative muscles by coloring or creating original doodles that they can take home and add to the “refrigerator gallery”!

Cranium Challenge—Ms. Stango (through Darien Advocates for Education of the Gifted) **Grades 2-3**

For those who enjoy a challenge, students will be captivated through an array of fun activities while supplementing their problem-solving and critical thinking skills. Students will work individually and cooperatively to explore and solve mathematical investigations using many creative strategies, such as puzzles and more.

Tuesday (continued)

Demolition Hard Drive—Mr. Grant Grades 4-5

Ever wondered what was inside of a hard drive? This class will allow you to pull apart a PC. The class will work together to learn what makes a computer work. We will try different techniques to make the hard drive do different things. Classes will be hands on and each student will be able to pull apart and try to rebuild the hard drives.

Wednesday

Sports Spectacular—Mr. Tsagas Grade 1

In this class, we will play a variety of indoor and outdoor sports including many playground classics. We'll play Capture the Flag, Kickball, Mush-ball, Snowballs, Four Square and more. If you can play it in the backyard, we will play it here! This is a high-energy class that brings your favorite games together and introduces you to new games that will involve both competition **and** cooperation.

Weird Science – Mrs. Selensky Grades 1-3

This class has a \$20 materials fee

Weird Science will design fun experiments, create projects, and play games of uncertainty. We will look at everyday items in new ways! Come ready to think like a scientist and join Mrs. Selensky for new weird adventures!

Street Hockey—Mr. O'Neill Grades 3-5

Calling all hockey players! Mr. Grant will be conducting hockey practice every Wednesday during after school. No prior experience is required. Each session will include drills, and games. Students will: play with plastic sticks and puck, be required to wear sweatshirts, and unless it is snowing or raining, sessions will take place outside on the blacktop. Sessions that are forced to move inside will include hockey videos and mini-hockey games.

Blast Off Math—Ms. Stango (through Darien Advocates for Education of the Gifted) Grades 4-5

This enrichment math program is open to 4th & 5th graders and geared for children who excel in mathematics. Students will work in small teams to solve challenging math problems from a series of middle school math books published by Pearson.

Thursday

Architecture—Mr. Grant (through Darien Advocates for Education of the Gifted) Grades 4-5, Morning Class from 7:20-8:20am

Develop sketching skills, draw plans, and build models in this course that incorporates the elements of design, drafting, measurement, and geometry. Students will bring their visions to life using wood, cardboard and other materials as they begin to understand and appreciate the principles of good design. Students will learn how to help their fellow designers through constructive critiques of their work.

Legos—Ms. Tramontano Grades K-3

Learn how to become Lego-smart! This class will introduce teamwork, observation, creative thinking and problem-solving skills all through the fun of building with Legos. Come explore the foundations of engineering with us as we construct towns, spaceships, bridges, railroads, robots, artwork and a whole lot more in this exciting class

Make It, Take It, Bake It—Mrs. Belmonte*

This class has a \$20 materials fee

Grades K-5
In our class we create figures and accessories made out of Sculpey. The students will take their creations home and bake them in the oven (with parental supervision, of course) to ensure the pieces last for a long time! Come and join the fun in Make It, Take It, Bake It - and create lasting sculptures that have function as well as form!

Words with Friends—Mrs. Thalassinis Grades 2-5

Gather with friends for board games like Scrabble and Boggle while learning "strategies" to be the high scorer.

Sports Spectacular—Mr. O'Neill Grades 4-5

In this class, we will play a variety of indoor and outdoor sports including many playground classics. We'll play Capture the Flag, Kickball, Mush-ball, Snowballs, Four Square and more. If you can you can play it in the backyard, we will play it here! This is a high-energy class that brings your favorite games together and introduces you to new games that will involve both competition **and** cooperation!
