Announcing the 2019 Shows!

This summer will feature stories that celebrate unconventional characters in classic worlds.

Wingspan Players:

Once Upon A Mattress

Long ago, in a faraway kingdom, Queen Aggravain has taken over control while her husband, King Sextimus, has been cursed into silence. The Queen decrees that no one is allowed to marry until Prince Dauntless does, but she has determined that the chosen princess must pass her series of tests. The people of the kingdom are disturbed by this leadership, and everyone is depending on the unusual Princess Winnifred the Woebegone to be the answer. Based on the old tale of "The Princess and the Pea", this classic story of love, determination, and a bad night's sleep is sure to excite all audiences!

Wingspan Ensemble:

The Majesties of Wonderland

Over the jabberwock, through the looking glass and down the rabbit hole we go! Wonderland has always been ruled by three Queens, but the recent abduction of a raspberry tart has thrown the realm into chaos. An intrepid crew of adventurous girls and curious cats find themselves swept up in a clash of monarchs and mayhem. Fantastical creatures and wordplay abound in our **new** stage version of Lewis Carroll's beloved Alice in Wonderland.

Head Over Heels

Head Over Heels is a new musical with an old story. The King of Arcadia forces his family and followers to flee their kingdom after the Oracle prophesies the loss of their "beat". In an effort to avoid chaos and destruction in their kingdom, the adventures of the Royal Family and their friends help them discover identity, love, and the downfall of hubris. Contemporary romance and self-celebration are the name of the game in this high energy and extremely funny tale. Featuring music from The Go-Gos, iambic pentameter text, and some flashy disguises, this musical - fresh off of Broadway - will make us fall *Head Over Heels*.
